Take action:

Ask your Representative to co-sponsor H R 2420 banning weapons in space! It was introduced by Rep Dennis Kucinich on May 18, 2005. It has 35 co-sponsors thus far, including Rep DeFazio. It calls for a U.S. ban on space weapons, and good faith negotiations on banning them globally to prevent an arms race in space. Thus far the US is the only nation planning deployment of such weapons and is also blocking a treaty banning them.
